Use ring sizer to measure finger size

1. Print this page and compare the above printed scale with a real one.
2. Scale comparison is a must.
3. Place an existing ring above the scale and note the inner diameter in mm.
4. Use the ring size chart to check the size in mm against the preferred column on the next page. For e.g. if the inner diameter is 19.15mm then the ring size India is 20 and ring size USA is 9¹/₄.
